

Environmental Policy Statement

Our Organisation

Dynamic Civil Pty Ltd is responsible by displaying due-diligence in the provision of civil services consistent with the AS/NZS ISO 14001:2004 Environmental Management System Standard.

Dynamic Civil Pty Ltd activities have the capacity to generate a large environmental footprint. Dynamic Civil Pty Ltd will prevent pollution, use environmental best practise and demonstrate to the community our environmental stewardship and social responsibility.

Our Commitment

Dynamic Civil will:

- Implement and maintain an adherence to Environmental Management System ISO14001 by planning and using its resources wisely.
- Provide continually improvement in environmental performance by conducting operations in an environmentally responsible manner ensuring compliance with OHS&E legislation.
- Foster the sustainable use of the Earth's resources by "treading lightly", and recognising our impact on the land.
- Ensuring continued environmental development by anticipating and implementing good environmental management systems, incorporating the provisions of objective planning, implementation, auditing and reviewing of our business environmental progress.
- Minimise negative impacts on the environment by implementing best pollution prevention practise by the efficient use of resources, the reduction in emissions, the active recycling of material and the responsible management of waste.
- Ensure close consultation with clients, suppliers, the local communities, and other parties to provide continually improvement in our processes encouraging environmental better practice.
- Foster initiation and ownership of environmental activities as our core business culture by fostering employee involvement in the training and implementation of environmental leadership and awareness.
- Monitoring, reviewing and reporting on the ongoing environmental performance of the organisation with a view to continually improvement.

Mr Colin Ramsay
General Manager
Dynamic Civil Pty Ltd
